SUBJECT: COUNTRY CLEARANCE GRANTED FOR EDWARD GERARD TO TRAVEL TO
MOZAMBIQUE

REF: USDA FAS WASHDC 683656

¶1. Embassy Maputo welcomes and grants country clearance for Edward Gerard from 29 April 2007 until 02 May 2007 to travel to Mozambique, to discuss the Norman Borlaug Fellows program and to resolve any remaining issues so that this program may begin in Mozambique. Please advise as soon as possible regarding any schedule or itinerary changes; refer to paragraph 13 regarding visa requirements.

¶2. Control Officer: Brooke Williams, Commercial Officer at the Embassy, will be control officer. She can be contacted at:

-- Office telephone: (258) 2149-27-97, ext.3422
-- Office fax: (258) 2149-35-74
-- Cellular: (258) 82-300-0834

¶3. Hotel Reservations: Post has made hotel reservations at the Hotel Polana. The rate for a single room is USD\$120.00, which includes a breakfast buffet. Maputo per diem is currently USD\$242.00 (lodging USD\$185 and meals/incidentals USD\$57). The hotel accepts U.S. Dollars or South African Rand; Diners Club, VISA, MasterCard, or American Express credit cards for payment of hotel bills.

The hotel can be contacted at:

-- Telephone: (258) 21 49-10-01
-- Fax: (258) 21 49-14-80
-- E-Mail res@polana-hotel.com

Reservation Policy: Hotels charge for no-shows, and most will debit one day's room rate for no-shows and reservations canceled with less than twenty-four hours' notice prior to arrival. Therefore, advance planning and prompt notification of changes well in advance of the twenty-four hour limit are necessary otherwise such charges will be assessed to the intended traveler. Please contact your control officer promptly with details of any changes.

Expeditor will pickup and drop off at airport.

¶4. Medical Services: Maputo has limited medical facilities. Visitors will have to be medevaced in the event of a major injury or illness. In the past, we have had visitors nearly die because details of their medevac insurance were not readily available. Direct Hire employees (not contractors) of the Department of State, USAID, Department of Defense, CDC, and Peace Corps need not take any further action. Direct Hire employees of other U.S Government agencies are requested to provide to their control officer before arrival a name and 24-hour point of contact for their agency that can authorize medical evacuation. Contractors are requested to provide to their control officer before arrival the name, phone number, and policy number of their medevac insurance provider(s) for use in case of emergency.

¶5. Health: Travelers are advised that chloroquine resistant malaria is present in Mozambique. The most recent guidance from the Department of State Medical Office recommends weekly use of mefloquine as the drug of choice for malaria prophylaxis in

chloroquine-resistant areas. Mefloquine must be started one to two weeks before arriving at post. Daily doxycycline is an alternative regimen. Doxycycline must be started three days before arriving at post. Both malaria prophylaxis medications must be continued for four weeks after departing post.

¶16. Security and Required Briefing: TDY visitors spending more than 48 hours in Mozambique must obtain a security briefing from the Embassy's Regional Security Office. The biggest threat facing U.S. citizens visiting Mozambique is crime. The State Department has designated Mozambique a critical-threat post for crime. Street crime and vehicle hijackings are common and can be violent. Visitors must be vigilant when out in public areas and should not display jewellery or other items of high value. Visitors should avoid carrying backpacks or purses, as these can draw unwanted attention of would-be muggers. Isolated areas, such as along the Marginal (the Maputo road along the sea), should be avoided as joggers and pedestrians have been mugged frequently, even during daylight hours.

¶17. There are no known terrorist groups active in Mozambique and no current indications that U.S. citizens are being targeted by terrorist organizations.

¶18. The police are poorly paid, poorly equipped, and lack the professionalism that U.S. citizens are accustomed to in the United States. Visitors requiring emergency assistance should not rely on local emergency services, but should contact the Marine Security Guard at Post One at (21) 49-27-97. Mozambican law requires that all persons carry an identity document, such as a passport, when out in public and produce it if requested by police. A copy of passport identity and visa pages is acceptable. There are certain areas in the city of Maputo where pedestrian traffic is prohibited, e.g., in front of the presidential offices located north of the Hotel Polana on the seaside of Avenida Julius Nyerere and on the Monument to

MAPUTO 00000435 002 OF 002

Mozambican Heroes near the Maputo airport. Such areas are sometimes marked with international "no trespassing" signs/symbols.

¶19. Overland travel after dark is extremely dangerous due to poor road conditions, lack of emergency services, and the increased potential for vehicle hijackings. Official Americans serving in Mozambique, including those on TDY, are prohibited from overland travel outside city limits during the hours of darkness.

¶110. Consular Registration: All TDY visitors spending more than two workdays in Maputo are required to register with the Consular Section in the Chancery to ensure that the Mission has current emergency contact information for each visitor.

¶111. Financial Matters: With the exception of the main hotels, Mozambique is essentially a cash economy. Credit cards are of limited utility. Vendors will accept U.S. dollars (or at times South African rand) in lieu of the local currency, the metical. For a day trip to Maputo, we recommend visitors bring with them USD 100 in cash for spending money. Dollars can be exchanged at any bank or currency exchange facility. Embassy Maputo recommends against the use of travelers checks, as transaction charges are uniformly high. Please note that Embassy Maputo will need fiscal data in the event that extensive services or goods are required during the visit. Mozambican Airlines (LAM) accepts the American Express credit card. Please note that charge limits are in effect on most credit card transactions, and hotel bills need to be settled every few days.

¶112. New Currency: On July 1, 2006, Mozambique introduced its new currency: the New Metical (abbreviated MTn.) This currency replaces the Metical(MT). One New Metical is equivalent to 1,000 Meticals (1 MTn = 1,000 MT.) At current exchange rates, 1 USD equals approximately 26 MTn and 26,000 MT. From July 1st, 2006 through December 31st, 2006, both currencies are in circulation, and all prices are expressed in both currencies. After December 31st, 2006, only the New Metical will be in circulation. The most obvious differences between the two currencies are that the New Metical notes have three fewer zeroes than Metical notes of the same value and that the New Metical notes are in much better condition than

Metical notes. The largest New Metical note is 1,000 MTn (versus 500,000 MT.) The smallest New Metical note is 20 MTn (versus 10,000 MT.) For further guidance, please refer to the images of the New Metical on our intranet site at <http://maputo.state.gov/Sections/FMO/fmo.htm>

¶13. Visas and Airport Departure Taxes: Visas are required for entry into Mozambique, and Embassy Maputo urges travelers to have them prior to travelling. Travelers arriving from a country without a Mozambican embassy can get visas at the airport or land border entry points for 20 USD or 300 MTn. Those arriving from a country with a Mozambican embassy can obtain visas at the airport or land border entry points for 25 USD. There is an airport departure tax payable only in cash, of 20 USD or equivalent in Metical or Rand for regional flights, 8 USD for domestic flights and 20 USD for intercontinental flights.

¶14. Luggage Precautions: Post urges travelers to keep in mind restrictions on carry-on luggage on international flights. At present, there are restrictions on carrying liquids, gels, and cosmetics on board international flights leaving the United States.

¶15. Travelers also should bear in mind that security of checked baggage is a significant problem for travelers who transit Johannesburg airport. Many items have been stolen from checked bags, including the checked bags themselves. The items stolen most often are electronics (including I-Pods, cameras, and alarm clocks), toiletries (such as cosmetics, soap, shaving kits and cologne) and shoes (especially running/athletic shoes). A LOCKED BAG DOES NOT ENSURE SECURITY. One security measure that seems to meet with some success is to have your luggage stretch-wrapped at your point of departure. The stretch-wrapping makes it more difficult for the thieves to gain access to your luggage. Be aware that flights between Johannesburg and Maputo are often serviced by a small plane with little space for carry-on luggage. This may require passengers to check their larger carry-on items. Please ensure your valuables are kept in a bag small enough to carry on your lap to keep them with you at all times. We take this problem very seriously and are doing what we can to help aid a solution. In brief, please:

- Leave behind irreplaceable valuables;
- Always lock your bags;
- Have your luggage stretch-wrapped when possible;
- Keep your valuables with you in a small carry-on;
- Make sure that your carry-on luggage complies with current international restrictions/regulations.
